

July 2010

Dear Sirs,

Pro-Movec hereby kindly invites you to visit us at our booth at the forthcoming Eurobike exhibition which will take place from September 1 – 4, 2010 in Friedrichshafen, Germany.

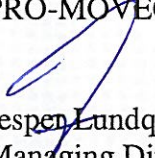

Like the rest of the e-bike industry we have during the past year benefitted from the growing interest for E-bikes. Pro-Movec has continued its development activities with the result that we have come up with exciting new solutions to traditional ways of designing and producing an e-bike.

We should be most pleased to welcome you at our stand at the exhibition to show you our 2011 Promovec Electric e-bike program which will be available for delivery in the spring of 2011 as well as some of our latest achievements and discuss a possible co-operation. Please feel free to contact us in order to book a firm appointment with myself or one of our representatives.

You will find us in the Zeppelin Halle at stand No. ZH-202 or at our test track FGO-136.

We look forward to seeing you at the exhibition.

Yours sincerely  
PRO-MOVEC A/S

  
Jespen Lundqvist  
Managing Director
